New Business

- 1) Tad Skromme, son shoots on Ptown H S Trap team, used 2500lb vibrating roller to roll ground from Trap Houses to Club House, bank of parking lot, and around Skeet area. Two hours which would be \$120 that he donated. Gave him and his son 4 rounds of trap next time they shot which would be \$22. He was very happy and said he'd do more next year for us. Area he did seems to be helping eliminate the mole problem.
- 2) Paula gave update that she did move \$16,000 from Savings to a CD at US Bank, put remaining \$10.18 into checking.
- 3) Kent Bushman gave an update on the High School Trap Teams, they have been doing most of the work of setting up, taking down and restocking targets. They have really boosted the Trap Club income.
- 4) Kevin Cook said the ceiling at Archery Club House had been primed and painted, water leak fixed and 1 30amp breaker installed for campers.
- 5) Paula wrote check for \$700 to Kevin Cook so he could buy supplies for 3D Shoots and have start up cash.
